A bold evolution in residential energy

SQUARE D ™

For more than a century, Square D™ by Schneider Electric™ has been a leader in residential, commercial, and industrial electrical equipment. Our products are found in 40% of U.S. homes, reliably powering and protecting what matters most. For generations, electrical contractors, builders, and DIY homeowners have trusted Square D for quality, innovation, reliability, and safety in electrical equipment.

Now, we're writing the next chapter in stylish, connected living: residential wiring devices designed for enhanced aesthetics, durability, and connectivity — setting a new standard for what consumers expect out of their electrical equipment.

Elegant form and intelligent function

Time-tested reliability with a twist

Most light switches, outlets, and wall plates look the same as they did in the 1970s. Of course, anything that lasts that long surely must be doing something right. And yet, with Square D innovation, our new wiring devices retain all the classic functionality while raising the bar on aesthetics, durability, and connectivity.

Design is at the heart of our new wiring devices: X Series. The devices were designed with an elegant, minimalist look in mind, and this simplicity extends beyond form into function. We've consolidated all the new features into fewer products, so you get every benefit in any device you choose. It's all a variation on the same theme: flush-mounted, easy to install, and connected options.

Square D X Series: setting a new standard

Flexible and feature-rich, X Series sets the new benchmark for how today's wiring devices should look and feel. With X Series' interchangeable, flush-facing covers, you can adapt to any interior décor, while connectivity options help you save energy and live comfortably. The bottom line: X Series upgrades the conventional without reinventing the wheel.
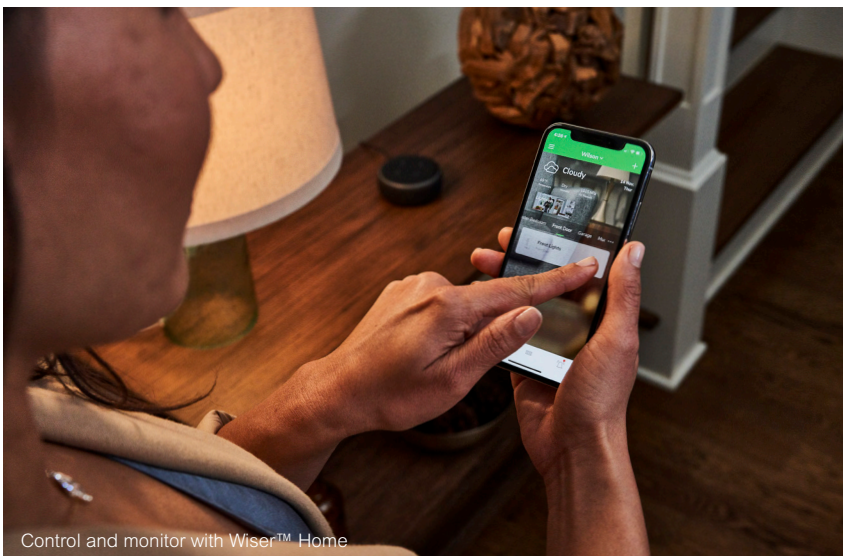

Control and monitor with Wiser™ Home

X Series Wi-Fi receptacle with wall plate

Richer features for consumers and electricians alike

Whether you plan to install these devices or use them every day, there's a lot to like about X Series.

Wi-Fi and Z-Wave connectivity

Intelligent connectivity makes these wiring devices remotely manageable via Amazon® Alexa, Google™ Home, or the Wiser Home mobile app. With smart wiring devices, you can create custom lighting scenes, monitor energy use, and much more.

Durable matte finishes

Advanced materials provide enhanced strength to avoid breakage during installation and stand the test of time. These finishes also bring beauty with minimalist matte elegance.

RoHS certified
Breathe easy with safe, non-hazardous materials.

Wi-Fi 15 A receptacle

- Wi-Fi outlet connects directly to the home network – no Hub required
- Child-safe design, with tamper-resistant shutters
- Control remotely via Wi-Fi with Wiser Home app
- Sold individually
- Wall plate required, sold separately

Wi-Fi dimmer

- Accommodates incandescent and halogen bulbs up to 600 W
- Eliminates flickering on LED lights
- Control remotely via Wi-Fi with Wiser Home app
- Sold individually
- Wall plate required, sold separately

Comfort and convenience with built-in connectivity

X Series devices are part of a larger universe of Square D residential energy solutions.

From grid to plug, we help you manage your home's electricity use more intelligently. With the Wiser™ Home by Schneider Electric app, you can harness Wi-Fi and Z-Wave connectivity to bring intelligent control to any plug or switch. Our connected receptacles become a key piece of the connected home, allowing you to control your receptacles and lights remotely.

Set lighting scenes for any situation

- Dinner time
- Movie time
- Bed time

Create schedules that fit your lifestyle

- Preset timing
- Align lighting with sunrise and sunset

X Series

Meet the full line of switches, dimmers, sensors, and receptacles

Wiring devices designed for modern living

X Series connected switches, dimmers, and receptacles are part of a larger line of wiring devices from Square D.

The complete X Series line sets a new benchmark with features such as flush-facing aesthetic, quick-install design, built-in connectivity, and more.

Key benefits

- Upgraded aesthetics with matte finishes and multiple color choices
- Simplified wiring with large cutouts for wire snips, a self-grounding clip, and side-mount pressure plates
- Connected options for Wi-Fi and Z-Wave, enabling intelligent home energy management

Find your true colors

Whether pursuing a traditional look with white plates, or making a statement with gray and black, X Series can make it happen.

White (WH)   Light Almond (LA)   Black (BK)   Gray (GY)*

*Not available for connected devices.

Expect more from your wiring devices

From dimmers to sensors and beyond, X Series changes expectations of what an everyday wiring device should be able to do.

Switch module

Rocker plate

Switches

- Swap and upgrade plates without the need to remove the switch from the wall
- Supports single pole, three-way, and four-way switches

Rocker LED dimmer

Slide LED dimmer

Dimmers

- Eliminates near-off flickering on LED lights
- Powers dimmable compact fluorescent and LED lamps up to 150 W
- Accommodates incandescent and halogen bulbs up to 600 W
- California Title 24 compliant

3-speed slide

Fan control

- Slide control provides clear user feedback for low, medium, or high fan speed
- Preserve peace and quiet with low 2.5-A motor control
- Install quickly with clearly identified rear wires and other quick connection features

Receptacles

- Elevate safety with camouflaged black shutters
- Speed up wiring with "no-wrapping" screw installation and self-grounding clip
- Enhance kitchen and bathroom safety with GFCI receptacles with auto-monitoring every 90 minutes

Decorator receptacle

GFCI receptacle

Standard duplex receptacle

Standard single receptacle

Specialty receptacles

- Charge two devices at once with USB receptacles that deliver up to 2.4-A per port
- Navigate safely in the dark with sensor-enabled LED night light receptacles

USB A/A receptacle

USB A/C receptacle

Guide light receptacle

30- and 50-A receptacle available

Sensors

- Detect both occupancy and vacancy in one device, with 180-degree views and up to 800 square feet of coverage
- Adjust timing for fans and lights in increments of 10, 20, or 30 minutes
- Set relative humidity levels between 45 – 80%
- Enable manual control at any time via push buttons

Motion sensor

Humidity/motion sensor and fan control

Data and communications

- Support traditional telephone, cable TV, and data networking with cat 6 insert
- In-wall HDMI cable installs for wall-mounted TVs with brush strap

Decorator Ethernet™ insert

Decorator coaxial connector

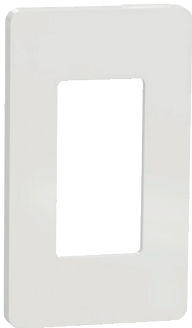

Decorator combo connector

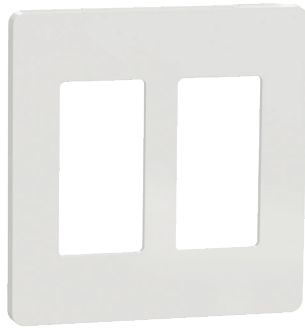

Decorator brush strap

Wall plates

- Remove and replace plates quickly, without sacrificing secure mounting
- Extend product lifetime with super-durable polycarbonate resin
- Achieve a modern look with flush profiles and matte finishes
- Keep devices clean with flush facing that wipes down easily

Screwless Decorator wall plate

Screwless Decorator multi-gang wall plate (up to 5-gang available)

Decorator wall plate with screws (up to 5-gang available)

Standard duplex wall plate with screws
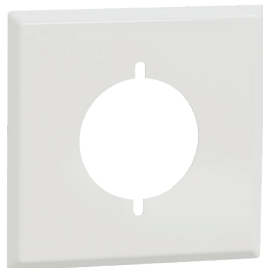

Standard wall plate with screws

Decorator multi-gang wall plate with screws

Specialty covers

Rugged, washable thermoplastic for specialty applications

Standard cover plate with screws

30- and 50-A cover plate

Outdoor waterproof covers

Enjoy reliability and a handsome look for outdoor in-use waterproof covers

About
Schneider Electric

Schneider Electric has nearly two centuries of expertise in electrical manufacturing. Many of our solutions support critical infrastructure such as power plants, hospitals, and data centers. Now, with Square D, we're expanding our knowledge of intelligent, IoT-driven energy management to the residential sector, making homes around the world smarter, more efficient, and safer.

Square D by Schneider Electric products are found in 4 out of every 10 homes in the U.S.
